Candidate Statement:

I am running for re-election for the Director of Membership and Academic Engagement position because I have had the pleasure of being able to work towards growing and maintaining our professional association membership during the past two years. I've thoroughly enjoyed the opportunities I've had, including promoting our #COVID19Heroes social media campaign, organizing and planning our APTA Centennial Events, and attending zoom calls with the PT and PTA program directors. It would be my honor to serve the association for another term!
