

COVID Precautions for Fall Conference

- **Vaccines:** APTA Michigan strongly recommends that attendees are vaccinated or have a negative COVID-19 test within 72 hours of participation.
- **Masks:** Regardless of vaccination status, masks will be required for all indoor events, except when speaking at a microphone as part of event proceedings or when in the act of eating or drinking. **APTA Michigan-branded masks will be provided at registration.**
- **Personal responsibility:** Attendees should refrain from participation if exhibiting COVID-19 symptoms. This includes fever and other flu-like symptoms, coughing or shortness of breath, and the inability to taste or smell. Delta variant symptoms may also include sore throat, runny nose, or headache. If you are symptomatic, or believe you came into contact with someone with COVID-19, please get a test and contact APTA Michigan if it is positive.

In addition to the above, APTA Michigan will take the following actions:

- **Contact tracing:** APTA Michigan is required to provide attendee lists to MotorCity Casino. Attendees are expected to report any positive tests so we can perform contact tracing.
- **Indicator sticker:** At registration, attendees may pick up a sticker for their badges to indicate if they would prefer elbow bumps to handshakes or would prefer to avoid physical contact altogether.
